UPVC FABRICATED PRODUCTS & SERVICES

HDPE FABRICATED PRODUCT & SERVICES

We arrange Polyethylene Fabricated fittings through outsourcing. The fittings are engineered out of high polyethylene pipe manufactured to ISO and various international Standards. It encompasses various customized HDPE fittings starting from 20mm and above. The fittings such as Bends, Tees, Reducers, Puddle Flange spools are made according to the specific customer requirements. The Latest Joint technologies are used in churning out fittings that needs to be complied with the specification. Also we provide the best service for the following HDPE site welding

- Buttfusion welding
- Electro fusion welding
- Other HDPE drainage welding

GRP FABRICATED PRODUCT & SERVICES

We do focus also on the GRP custom made fittings for the specific requirements of the customers in order to cater all plastic needs under one roof. We organize the special fitting formed out of best quality raw materials in compliance with specification. We are involved in procuring a full range of GRP fittings for instance like Bends, Tees, Wye and Reducers and so and forth. We are committed to provide all the services aforementioned with cent percent credibility and responsibility

TOOLS

We provide a variety of tools essential for construction and industrial tasks. These tools are made from high-quality materials and are suitable for various jobs. Our product offerings include:

1. **Hand Tools:** Such as hammers, wrenches, and plastering tools, which are essential for everyday tasks.
2. **Electric Tools:** Including drill machines, saws, and cutting tools that enhance the speed and efficiency of work.
3. **Measuring Tools:** Like tape measures, levels, and squares, which are used for accurate measurements.
4. **Safety Tools:** Such as helmets, gloves, and safety glasses, which ensure safety during work.

SAFETY TOOLS

We offer a comprehensive range of safety tools that are crucial for ensuring the well-being of workers in various environments. Our safety tools include high-quality helmets, gloves, safety glasses, and ear protection, all designed to provide maximum protection against potential hazards. These tools are essential for both construction sites and industrial settings, helping to minimize the risk of injuries. With our commitment to safety, you can trust that our products meet the highest standards, making them suitable for professionals and hobbyists alike. Whether you're working on a major project or tackling a DIY task, our safety tools will help keep you protected.
